Acknowledgements

- A small vote of thanks for all who have helped me in this journey of App Development – My parents-Vinita and Vishal, Mr. Ken, Clevered, Ms. Mani, Group Members, Friends

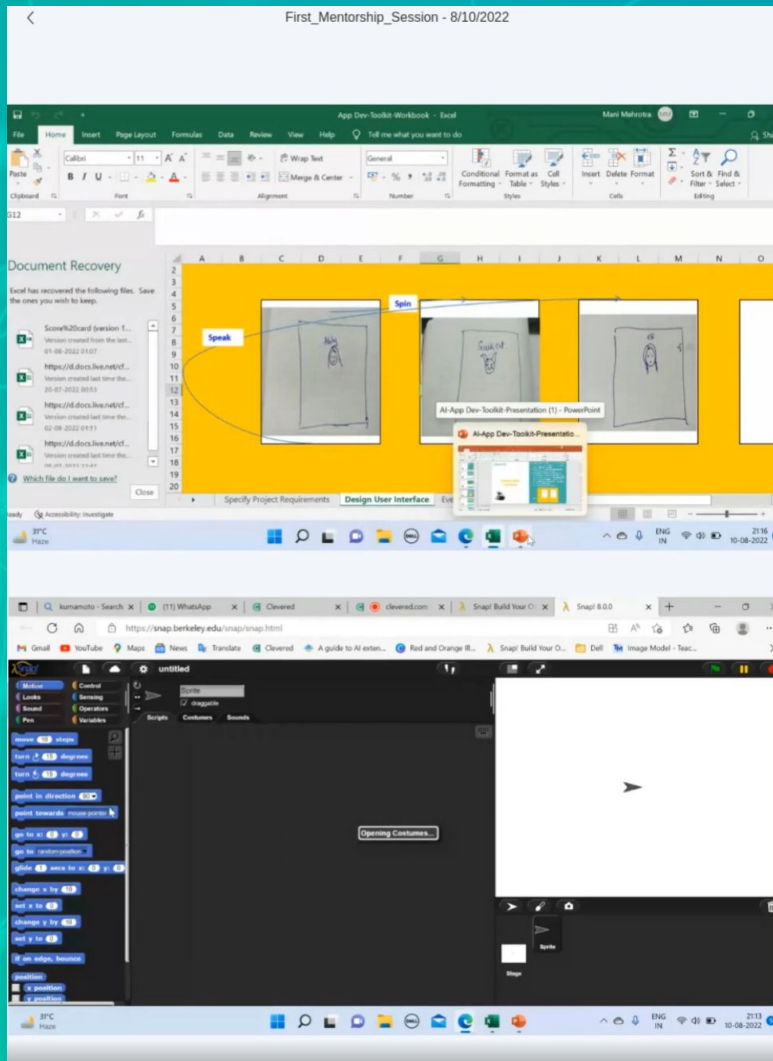

About Me..

- Hi there! I'm Vihaan Harrison.
- I'm 11 years old and a 6th-grade student
- I like to code, play badminton, and edit pictures, videos, templates, presentations, etc.

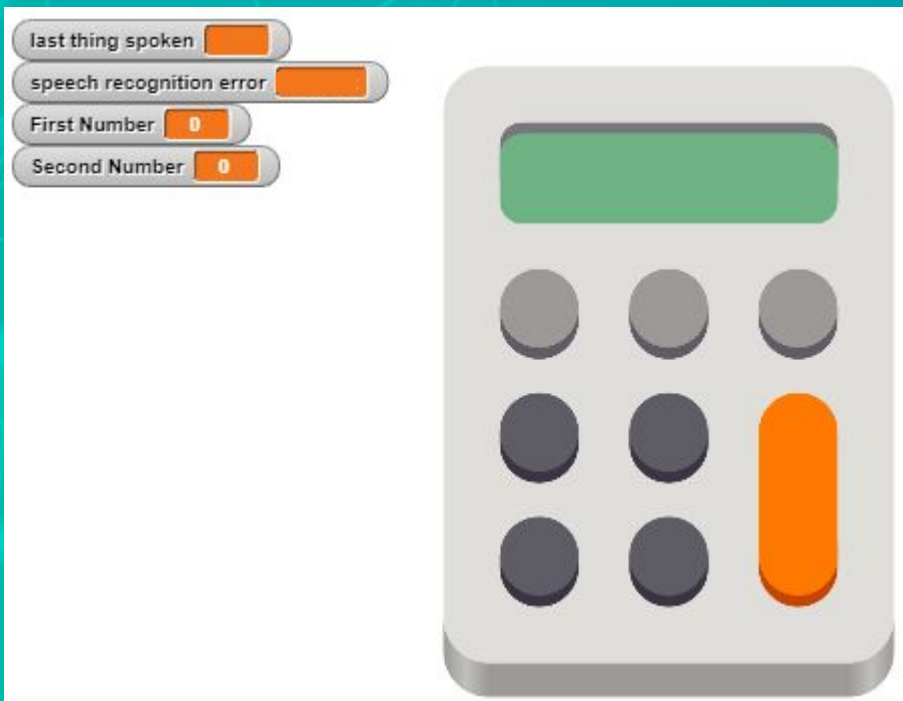

About My Internship with Clevered..

- Clevered is a student's dream. Amazing teachers, amazing topics, amazing classes. It has everything.
- Its fun and educational at the same time

About App..

- App's Main Menu

- App's Introduction-
- The app works once started. After the talking calculator introduces itself, it will ask the user 2 numbers and an operator and will calculate the 2 numbers.

How do I use the App?

Process of using the app

- At first, the calculator will ask you to say the first number you would like to calculate. Say just the first number and **NOTHING ELSE**
- After that the calculator will ask you for your second number. Do the same and say nothing else.
- After saying the second number you will be asked an operator. Answer the same and then you will get your answer.
- Notice-
- **MAKE SURE YOUR VOLUME IS ABOVE 60%**
- **MAKE SURE YOU ARE IN A SILENT ROOM**
- **DO NOT REPEAT THE NUMBER, IT TAKES TIME**
- **DO NOT SAY MORE THAN 1 NUMBER IN BOTH SLOT NO. 1 AND SLOT NO. 2**
